Heritage Slab and Pedestals | paver-shield™

Heritage Slab is a great stone for various architectural applications including rooftops and plazas. Suitable for overlays, at-grade applications, and pedestal applications. Heritage Slab is a favorite for paving large surface areas.

paver-shield™ has a tight, smooth surface texture and will not expose heavy aggregate as it wears. Ultra-dense surface has more color and more protection. Nicolock has color from top to bottom throughout the paver ensuring a lifetime of beauty. Iron oxide pigments are guaranteed not to fade!
